the Perfect Swing:

3 of 3 review helpful Fascinating look into what s involved in science of golf swing By KC in FL Detailed look into the science behind the golf swing Contains numerous diagrams and charts If you are looking for the standard golf tips publication this is not it If you re looking for a detailed understanding of the dynamics that drive the golf swing this is a real treat Shows numerous comparisons between professional and Advance praise from the technical golf community for The Science of the Perfect Swing is shown in the Editorial Review section below The major task in writing The Science of the Perfect Swing was the simplification of the engineering science so that it could be readily understood The primary objective was to allow inquisitive golfers to gain a deeper understanding of all aspects of the sport from ball striking and ball flight through to the capture of the ball in th WOW This is some Tour de Force In its scope and detailed content this looks like the book I never wrote I absolutely applaud the concept of the book and the effort put into it Golf science needed a book like this Alastair Cochran Co author of The Sear
