book collection to The Bogey Man: A Month on the PGA Tour:

0 of 0 review helpful A look inside the PGA tour of the 1960 s By margo This is an interesting look inside the PGA tour of the 1960 s by someone whose golf game was at least good enough to enter a few Pro Am s the only tedious parts involved a dream sequence and frequent reference to imaginary Japanese war admirals Once you get past that this is a book that tells it like it was and isn t afraid to name names Thank you George Plimpton chronicles his month spent on the PGA tour in THE BOGEY MAN now repackaged and including a foreword by Rick Reilly and never before seen content from the Plimpton Archives What happens when a weekend athlete of average skill at best joins the professional golf circuit George Plimpton one of the finest participatory sports journalists spent a month of self imposed torture on the tour to find out Along the way he meets amateurs pros Humorous but also agonizing and also unfaillingly fascinating regardless of one s interest in golf For the psychology of the sport and this is what Mr Plimpton is probing there is nothing more revealing around The New York Times
