0 of 1 review helpful Funny stories do not overcome the writing style or the lack of focus By D H Noble I bought this book on the Kindle because I wanted a book that I could laugh myself to sleep at night The first thing that caught me is that the kindle edition is poorly edited Every chapter it would repeat lines from earlier paragraphs That was annoying Now for the story I know this is a hum Finally a book that delves into the warped and obsessive mind of today s golfer Whether your idea of golf is an occasional round with fellow duffers at the local muni or frequent forays to far flung courses in search of the perfect round you ll identify with this book like no other Popular golf humorist George Fuller will have you laughing as he makes light of the idiosyncrasies of otherwise sane people who are addicted to this holy wholly frustrating g For those of us who spend time in that place called golf hell this is a wonderful respite a cool refreshing vacation Craig T Nelson Actor Star of Coach Congratulations Every golfer should have this
