2 of 2 review helpful Routine at best By JAthey This is mostly a picture book coffee table style The pictures are calendar pretty but too commonplace Watson jumping up when his chip shot went in Larry Mize jumping for joy when his chip at the Masters went in Gary Player in black Nicklaus with his putter in hand raised when he sank the putt on 16 at the Masters Billy Casper lining up a putt with that rounded back put In a history spanning more than 500 years a Scottish seaside pastime has become the passionate pursuit of 60 million players and 10 times as many fans

worldwide Along the way golf has provided heroes heroines and moments that live forever in the hearts of those who follow the sport In its 296 stirring pages THE GOLF BOOK offers a spectacular tribute to an old game that never runs short of surprises a celebration of the grand still unfolding story of golf
