1 of 1 review helpful VERY POOR By dennis Not one single interview or anything personnel in the entire book from Seve The entire book is taken from golf magazine articles and news reports of no substance at all and can be looked up for free The book is far more about European golf and the Ryder Cup than Seve by a long shot There is virtually NOTHING about his life NOTHING Here s almost the entire book Seve s playboy good looks and natural magnetism attracted non golfers to the game and made him the biggest drawing card Europe has ever had He emerged on the world scene by hitting one of the most outrageous shots ever seen at the 1976 Open Championship and then became the youngest Open Champion of the modern era when he won the first of his five major championships About the Author Alistair Tait has been writing about golf since 1989 He is European Bureau Chief for Golfweek magazine and regularly contributes to The Guardian The Observer Sunday Herald the Financial Times Links Magazine Golf News and other publications
